Graduation Portfolios

Have you included portfolios in this year's budget?

When your students graduate, you want them to leave with the tools they need to achieve success.

A professional looking portfolio of their work and achievements is a great start!

Student Portfolios are a superb way for students to organise and present their certificates, awards and scholastic achievements to potential employers.

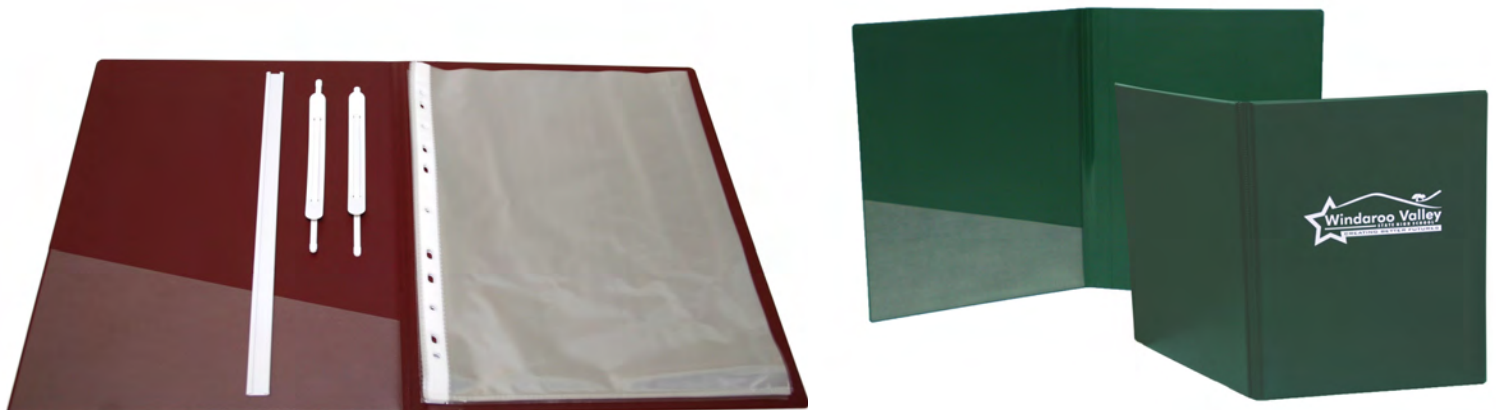

- Each portfolio comes with 10 x A4 Sheet Protectors and fittings, ready to fit.
- Available in Black, Burgundy, Navy Blue, Pine Green and Royal Blue.
- Add your School Name & Logo in Gold, Silver, Black or White foil(*).

SUSTAINABILITY

If 'green' is one of your core values, or if you just seriously care about our environment, you've come to the right place. The "fantastic Plastics People" are committed to sustainability - and that means more than simply recycling. Our products are built to last, so you'll use less of them, and with product ranges made from recycled PVC and polypropylene, we've long enjoyed good 'green' credentials.

QUALITY

At Plastics Australia we believe that quality is 'built in' rather than 'inspected out'. We implemented our Quality Management System in 1994, and it's the back bone of our operation. What does that mean for you, our customer? We'll deliver the products you expect, when you expect them.

INNOVATION

Most of our products are designed and manufactured right here in our Brisbane factory, but we also search the globe to bring you the most cutting edge plastic stationery products from around the world. We can deliver a vast range of standard products at a moments notice, or we can custom design and manufacture (amazing) products to meet your specific requirements.
